PAYMENT

Price structures by payment methods

• LC & official market price +2.5% commissions + local bank charges

The client is analyzed to receive LC credit letters considering the company's ratings certified by rating entities such as SWIFT, Moody's Investors Service, Standard & Poor's (S&P), Fitch Ratings, Dun & Bradstreet (D&B), Experian, Equifax, CreditSafe or similar

• Brokerage & official market price to be negotiated +1% commissions

The importer signs an influence and representation contract placing a letter of credit as payment for the service, considering that the company lacks the conditions or qualities to accredit economic, financial or credit conditions

Trading & official market price -10% low (bonus / discount)

75% advance payment by wire transfer against proforma invoice + 25% by wire transfer against copy of the B/L issued by the freight forwarder. When the accreditation occurs, we roceed to issue the B/L in the name of the importer

OBSERVATIONS: Negotiable conditions within the established price & payment frameworks.
